POSTAL EXPRESS SERVICE TO BE ESTABLISHED

Parliament Discusses Settlement of the Lethbridge Strike

Bulletin Special.
Ottawa, Dec. 6.—The settlement of the Lethbridge coal strike and the proposed postal express legislation were two important statements made by the Postmaster General in the House today. The member from South Toronto, A. C. Macdonald, introduced a bill for compulsory voting and providing for sufficient time for employees to vote. It was read a first time. Mr. Lemieux said that the proposed postal express legislation consisted of an arrangement for the transmission and delivery of postal parcels C. O. D. It is contemplated that the post office should be the means by which parcels should be despatched and collection made of any charges thereon by the department on a definite scale. The details have not been perfected but are now the subject of consideration. Parliament will be more fully informed when the project has been completed. Hon. R. Lemieux replying to R. A. Smith, Nanaimo, gave the basis on which the Lethbridge was settled. The intervention of the department was requested by the Hon. Walter Scott and W. L. Mackenzie King, deputy minister of labor, conducted the negotiations for the settlement. Sir Wilfrid Laurier said

that 1,000 Ross rifles had been given to the Mounted Police. Some defects were discovered. These defects are being put right at the expense of the company. In the meantime the police are using their old Winchester and Lee-Enfields.
W. F. Maclean (South York) moved the second reading of his bill for a two-cent passenger fare, and the bringing of the sleeping car companies and telegraph companies under the railway commission. Several speakers voiced their opinions on the bill, Mr. Lancaster pointing out the difficulties that prevented the adoption of a uniform two-cent rate all over the country. Sir Wilfrid Laurier said there were many things in the speech of Mr. Maclean with which he agreed and there were also some he disliked. It was in the best interests of the public that the bill should be read a second time and afterward referred to the committee on railways and canals. He suggested that the bill be read a second time. Mr. Borden thought the whole question was one for the railway commission and agreed to the second reading and the sending of the bill to a committee. When the house met at 8 o'clock to deal with Mr. Maclean's ticket scalping bill, he was not in his seat and the House adjourned.

Telegraphic

PARK SUPERINTENDENT DISMISSED.

Winnipeg, Dec. 6.—The resignation of D. D. England, superintendent of parks, was asked for yesterday, as the result of an investigation which was held with regard to certain charges which were made against him. The resignation was accepted and he was given three months' wages. The charges were that he had set parks board employees to do private work for himself. This included wood cutting, looking after his horses, and working in his garden. He had also

been careless in checking pay rolls, and men had been paid for work while they had been out of the city. He had also appropriated horse feed provided for the city teams to his private use. Other employees were severely censured.

CARNEGIE WILL HELP.

Kinston, Dec. 6.—Principal Gordon, of Queen's, announced today that Andrew Carnegie, I.L.D., an honor-ary graduate of the college, had promised \$100,000 to the Queen's endowment fund to complete the half million endowment when the \$400,000 required was subscribed. Already \$250,000 had been provided and it is likely that the other \$150,000 will be forthcoming at an early date.

MINERS KILLED IN EXPLOSIONS

Total Explosions in Michigan and Pennsylvania Mines

Bulletin Special.

Calumet, Mich., Dec. 6.—As a result of the explosion of fourteen boxes of blasting powder in the 21st level of No. 8 shaft of the Munsey mine last night, Wm. Congin, a miner, is dead, and Dennis Shea was fatally injured. Jack Mandy and John Sullivan are seriously injured. Forty men were in the shaft at the time of the explosion and many were overcome by gas. They were taken from the mine through No. 6 shaft by rescuers. The explosion did not do much damage to the workings.

Houghton, Mich., Dec. 6.—John Dandley, the second victim of the explosion died at the Hancock hospital. Denis Shea cannot live through the night. The coroner's jury found that the men came to their deaths through the explosion of powder some of which was handled by Sarula, a Finn miner, who is said to be responsible.

Wilkesbarre, Pa., Dec. 6.—In an explosion in the Baltimore mine of the Parish Coal Co., two miles south of this city today, two men were killed and five others injured, some of them fatally. It is reported that five other men were in that part of the mine when the explosion occurred and that they escaped. The cause of the explosion is unknown.

An explosion of gas in the Butterworth colliery of the Delaware, Lackawanna and Western Coal company near here today resulted in the death of three men and the serious injury by burning of eight others.

THE KING WON.

Bulletin Special.

Chicago, Dec. 6.—King Edward the Seventh, of England, as an exhibitor captured a first prize when his shire stallion Prince Victor, at the international live stock exposition, won from Lord Rothschild's stallion, Girton Chamber.

TELLER MISSING.

Bulletin Special.

Kansas City, Mo., Dec. 6.—William C. Andrews, the collection teller of the First bank of this city, is missing and President E. F. Swinney admitted today that Andrews was short \$5,000 in his accounts. The bank officials have sworn out a warrant for his arrest.

THE BEAUTIFUL EBONY GOODS

Which have just been received and are now being displayed at Sisson's Drug Store are receiving much favorable comment and are selling like hot cakes. We have holiday goods suitable to all persons and all purposes.

False Economy of Cheap Spectacles

The cost of a good pair of spectacles is only a little more than that of the commoner kind, but the difference in comfort is worth many times the difference in price.

Special attention paid to fitting and adjusting frames.

GRAIN COMMISSION FINDS LITTLE WORK

Only Two Farmers Had Any Opinions to Express at Lacombe

Bulletin Special.

Lacombe, Dec. 6.—The Dominion Grain Commission held its first session in the Province of Alberta in Lacombe this afternoon in the town hall. The members of the Commission present were John Meilar, Indian Head, chairman; G. E. Goldie, Ayr, Ont.; J. R. Boyle, M.P.P., Edmonton, secretary; and Mr. Neild, official stenographer, Toronto.

A small number of farmers were present although the meeting had been thoroughly advertised by the Globe and Mr. Puffer. The reason for the small attendance is probably due to the fact that the farmers of this district have really no pressing grievance. Little grain is shipped. This is a live stock centre, and is also famous for the number of pure bred hogs. The farmers are realizing that owing to the long haul east or west, and the consequent almost prohibitive freight rates, it is more profitable to prepare their products in the most concentrated form possible for shipment, thus increasing its value and lessening the rate.

Compare shipping a car of grain with a car of hogs and it will be readily understood which is more profitable. A car of hogs totals three or four times the value of the wheat and the freight is practically the same. But with the expansion of the pork packing industry there will be less need of shipping hogs and more grain will be fed. Mr. Puffer, M.P.P., stated to the Commission that in his opinion over seventy-five per cent. of the grain grown in Lacombe district would be fed on the farm during the next few years.

His first statement to the Commission was given by John Gregory, of the Society of Equity. He said he came to Alberta 13 years ago; he had exercised economy and worked hard and intelligently during that time, but beyond the increase in the value of his land he had made nothing. All he had above that was a herd of 75 cattle and a few implements. The farmer did not receive the same return for his investment that the merchant or railway received. Other men had begun with him in other lines and had retired with thousands. The difficulty was not in the production, but in the distribution and sale of the farmer's product. Oats were only 22 cents here compared with 35 at Winnipeg. If the rate was cut in two, and the half added to the price paid the farmer there would be some profit. Now a farmer cannot pay the high price for labor and make ends meet.

Mr. Gregory said our natural market was British Columbia, but the rates west were so high that it forced shipment eastward. This was driving the British Columbia farmer to cease producing fruit and begin growing oats. The only redress the farmer had from the 21 cent price of oats was to ship on his own account whereby he netted 24 cents to 25 cents, but it was necessary at least to get 28 cents.

As a remedy Mr. Gregory proposed the government operation of transportation lines and a terminal elevator in British Columbia. Questioned as to the cost of production of oats, Mr.

Gregory said our natural market was British Columbia, but the rates west were so high that it forced shipment eastward. This was driving the British Columbia farmer to cease producing fruit and begin growing oats. The only redress the farmer had from the 21 cent price of oats was to ship on his own account whereby he netted 24 cents to 25 cents, but it was necessary at least to get 28 cents.

Several other gentlemen were present but declined to make any statements.

After having heard the statements of the farmers, Mr. Goldie asked several questions for the purpose of comparing the condition of the Alberta farmer with the Ontario farmer and the Manitoba farmer. The figures appeared to show that a fair average for the Manitoba farmer is 25 bushels of wheat per acre, which will average per year 90 cents, giving a return of \$15. A fair average for the Alberta farmer is 60 bushels of oats per acre which at 24 cents is \$14.40. Again, compare the Alberta with the Ontario producer of beef. The Alberta farmer usually gets 4c for choice export steers, while the Ontario farmer pays 3 1/2c for stockers and fattens them on mill feed at \$22 2/3 ton. He usually sells the product at about 4 1/2 to 5 cents and beef has brought 6 cents in Ontario, but that is not an average price by any means. The cost of the stocker, the feed and the feeding do not leave very much profit for the Ontario farmer at the market price.

Several other gentlemen were present but declined to make any statements.

After having heard the statements of the farmers, Mr. Goldie asked several questions for the purpose of comparing the condition of the Alberta farmer with the Ontario farmer and the Manitoba farmer. The figures appeared to show that a fair average for the Manitoba farmer is 25 bushels of wheat per acre, which will average per year 90 cents, giving a return of \$15. A fair average for the Alberta farmer is 60 bushels of oats per acre which at 24 cents is \$14.40. Again, compare the Alberta with the Ontario producer of beef. OIL HOUSE IS DESTROYED

C. N. R. Building at North Battleford Was Burned Yesterday

Bulletin Special.

North Battleford, Sask., Dec. 6.—The C. N. R. oil house at this point was totally destroyed by fire at 6:30 o'clock this morning. There was a large stock of gasoline and oils stored in the building and the inflammable nature of these prohibited any attempt at saving the building and contents. The local fire brigade was early on the spot and the hose was brought into use, and with the help of the employees of the C. N. R. the surrounding property was protected. The loss is estimated at \$1,000. The cause of the fire is supposed to be the setting of some waste ablaze.

GRAIN COMMISSION HERE TOMORROW.

The Dominion Grain Commission will hold a session in the council chamber, Edmonton, Saturday, Dec. 8th, at 10 a.m. Farmers and grain men are invited to be present to give information to the commission.

Gregory calculated it at 1-3 of the selling price.

Mr. Meilar asked Mr. Gregory if the farmers in the district were prospering. Mr. Gregory said they were merely getting along. None of them were accumulating bank accounts. He thought if a farmer could save \$100 a year he was fortunate. When asked if he favored an increase in the tariff for the manufacturer, Mr. Gregory replied he did not. The farmer needs a low duty far more than the manufacturer needs a high one for the prosperity of the country. The farmers do not get prices high enough to enable them to purchase the products of protected manufacturers.

Under protection the farmer had no money to buy from the manufacturer.

James Bauer, of Red Deer, stated to the Commission that hitherto the grain of the district had been consumed locally. That day he thought was passing. More land was coming under cultivation each year. At present there was no money in growing grain. He cited a case where a man rented 15 acres, broke it from the prairie, sowed, reaped and threshed it. The yield was 1125 bushels. After counting the cost he was \$15 in the hole. This was the first year that hog raising had been profitable to the farmer. He said the question of car supply was never a question at Red Deer and the weighing arrangements were satisfactory.

Several other gentlemen were present but declined to make any statements.

After having heard the statements of the farmers, Mr. Goldie asked several questions for the purpose of comparing the condition of the Alberta farmer with the Ontario farmer and the Manitoba farmer. The figures appeared to show that a fair average for the Manitoba farmer is 25 bushels of wheat per acre, which will average per year 90 cents, giving a return of \$15. BIG DEALS PENDING IN COAL PROPERTIES

Revolution Promised In Industry In Edmonton District and Large Capital Taking Hold of Mines

Two coal deals of immense importance to the city of Edmonton are pending today and will probably be completed within the next week or ten days. Although in possession of all the facts, the Bulletin is restrained from giving the names and designation of the properties involved as the publication thereof would possibly have the effect of blocking the deals.

However it can be said without breach of confidence that the trustee for one of the purchasing companies is already in the city and that everything is practically wound up except the signing of the papers, and that the other deal is so far along that the parties interested have agreed on the price to be paid for the property involved.

The completion of these two deals means a revolution in the coal mining in this part of the country. In the first instance Winnipeg parties with almost unlimited capital are acquiring not less than 1,000 acres of some of the best coal land in the country and it is their intention to put in modern machinery and to mine on an enormous scale for the supply of the Manitoba market. The situation of the property is particularly favorable from a transportation point of view and by the time the Grand Trunk Pacific is built Edmonton will have one of the largest coal producers in Canada working within a few miles of the city limits.

The second deal involves the transfer of a well-known property already an extensive producer to local parties who have had considerable experience in the coal mining business and who intend to launch a large project in that line.

Details of both deals will be ready for publication within a few days.

TEN INJURED IN A MONTREAL COLLISION

Two Street Cars Collided Inflicting Very Many Wounds

Bulletin Special.

Montreal, Dec. 6.—Ten persons were severely injured in a rear end collision between two street cars during the rush hours this evening. The two cars were coming down a steep grade about six o'clock, and when near the corner of Pine and Park streets the leading car stopped to allow several passengers to alight. For some reason the second car got beyond control and crashed into the one ahead. It is thought that either the brakes refused to work or the wheels slipped on the snow covered rails. Some of the injured are not expected to recover. The list of the injured: Norman Boucher, 14 years, 4 St. Edward street, right leg severed above knee and compound fracture of left leg; Joseph

Boivin, conductor of the front car, 1408 St. Denis street, concussion of the brain and severe injuries all over the body; Samuel Morin, twenty years old, 1285 City Hall avenue, both legs broken; George Weiler, 35 years old, 847 Hutchinson avenue, compound fracture of left leg; G. W. Scott, 739 Main street, nervous collapse, torn face and ear and fracture of one rib; Miss Marie O'Donnell, cut on the head and injured back; Miss Florence O'Donnell, 1258 Berry street, both ankles sprained and bruises all over body; Miss May O'Connor, 925 Mont Royal avenue, cuts on face and bruises all over the body; Miss Ethel McWilliams, 925 Mount Royal avenue, bruises all over the body; Constable McDonough, of Seignours police station, cuts on the face and hands.

Bulletin Special.

Belleville, Dec. 6.—At noon today a telephone message was received from Capt. Smith, from Picton, where he and the crew of the missing steam barge Hickox arrived this morning. The Hickox took fire Sunday night at 10 o'clock in Lake Ontario and after much difficulty was beached in the Main Ducks, near the end of Prince Edward shore. All the crew took to the yawl boat and reached shore. They then drove to Prinny's Cove and from there drove to Picton. The vessel is a total loss as well as the cargo of coal. Both are insured.

STRATHCONA

(Thursday, Dec. 6.)

A rumor has been current on the streets of Strathcona and Edmonton for the past few days that Mr. N. D. Mills, candidate for the Mayorality, had been appointed to a position on the judiciary of the province. The rumor had obtained such currency that the Strathcona barister was the subject of many congratulations over the phone on his reported promotion. Some yesterday by the Bulletin, Mr. Mills gave an emphatic denial to the report, which he said had not the slightest ground in fact. He was in the municipal contest to the finish, and there was no contemplated appointment to incapacitate him for the duties of mayor.

ENJOYABLE SOCIAL.

A very enjoyable social was given last night in Walker's hall by the Young People of Knox Presbyterian church. The chair was occupied by Rev. Dr. McDonald and upwards of two hundred and fifty people were in attendance. A very pleasing program of songs, readings and instrumental music was given and the affair closed with a grand promenade.

LOCALS.

—P. Burns & Co. have reopened their meat shop in the Parish block.

—The annual meeting of the Strathcona will be held this (Friday) night in the office of Mr. H. T. Sandman.

—The evangelistic meetings being held in Walker's hall by Messrs. Rouse and Robinson have been discontinued for the present.

—The lowest reading of the official thermometer in Strathcona last night was thirty degrees below zero. This is the coldest of the season.

—Before the literary society of Grandview school this afternoon, Principal Jensen will deliver his lecture on Strathcona, given recently in the Methodist church.

—The Grandview school athletic Association will have their hockey practices in the rink on Wednesdays from 1:30 to 2:30, and on Saturday evenings from 6:30 to 7:30.

—A rumor is current that the timetable of the C. & E. will be changed, the morning train to leave at nine o'clock and the afternoon at a quarter after three. Nothing official has yet been received by the station agent at Strathcona.

—Beginning next week the regular skating night at the Strathcona rink will be on Thursday evening instead of Friday. The hockey practices will be on Tuesday and Friday nights instead of Tuesday and Thursday nights.

—The regular monthly meeting of the W. C. T. U. will be held Friday, December 14, at 3 p.m. at the home of Mrs. H. B. McKenzie, corner of Oliver and Duggan streets. Landers are requested to be present and all are cordially welcome.

—The hockey club had an excellent practice last night and the boys showed marvellously good form for so early in the season. It is expected that the first game will be arranged for Christmas afternoon when the team will probably meet the players from across the river.

SPORT

HOCKEY.

The senior hockey league of Manitoba at a meeting in the Leland hotel, Winnipeg, split upon a motion to follow the precedent of the eastern league in withdrawing from the Canadian Amateur Athletic union. Two Winnipeg teams, the Vics and Winnipeg, withdrew, leaving Kenora, Brandon and Portage la Prairie. The withdrawal made a place for the Strathconas, of Winnipeg.

President Donley was in the chair, and there were also present Dr. Cadham, vice-president; Secretary J. H. Treleven and Selkirk McDonald, of Portage la Prairie, members of the council. Besides those entitled to vote, there was a good representation of hockey men, including Dr. Matheson and Lorne Laidlaw, Brandon; J. F. McGillivray, Kenora; Mr. Taylor, of Portage; President A. C. Smith and H. Quinn, of the Winnipeg club.

Little time was lost in preliminary fencing. Mr. Donley briefly explained the situation, and then Dr. Matheson moved: "That we do not recognize the C. A. A. U., that matters pertaining to this association be dealt with by this association themselves." Mr. McDonald seconded, at the same time asking the mover to add that the eastern league rules in regard to professionals and amateurs playing together be adopted.

This the doctor was willing to do. An amendment by Dr. Cadham that the league stand by the C. A. A. U. was declared out of order, being merely the negative form of the motion.

President Donley read a letter from P. D. Ross, Stanley cup trustee, in which he ruled that the Wanderers are still eligible to defend the trophy. He also read a letter from Emmet Quinn, secretary of the eastern league, who referred to the system of having the paid players bulletined. He was unable to send along a copy of the new constitution, as it was not ready. Mr. Donley strongly favored adopting the eastern system. He referred to an erroneous impression that if professionalism was introduced rowdy hockey would result, such he did not think would prove the case.

Dr. Matheson said he had been a close observer of sport for many years and he believed there was very little amateur sport in western Canada. He was not particularly acquainted with conditions in the east.

Wetaskiwin and Stettler played the first game of hockey in the Central Alberta League on Wednesday night. The game is reported clean and fast. Stettler has a splendid new rink and the ice was in good condition. The game resulted in a win for Wetaskiwin by a score of two to one. Wetaskiwin in fifteen minutes, during the first half. In the second half Stettler scored.

Wetaskiwin has three new players this year. The team is composed of J. Noonan, goal; Bailey, cover point; Hicken, cover; West, center; McDonald, rover; Bearstar, right wing; McMurdo, left wing.

The schedule of games has been arranged as follows: Stettler at Wetaskiwin, Dec. 14th; Wetaskiwin at Lacombe, Dec. 18th; Stettler at Lacombe, Dec. 25th. Innisfail, Olds and Red Deer also have a schedule. The championship will be played for between winners from the Stettler, Lacombe and Wetaskiwin leagues with winners of the Red Deer, Olds and Innisfail leagues.

NEW HOCKEY ASSOCIATION.
Winnipeg, Dec. 5.—At a meeting of the Winnipeg and Victoria Hockey teams of Winnipeg, the Western Canadian Amateur Hockey Association was formed. This is a result of the recent withdrawal of these teams from the old league in an endeavor to maintain their amateur standing. Four other Winnipeg teams applied for admission but their applications were not dealt with. Dr. Cadham was elected president of the association and Jack Treleven secretary.

FOOTBALL.

The Rugby season closed in Eastern Canada last Saturday with the Tiger-McGill match in Montreal. A despatch from Montreal says:

The Hamilton Tigers are the recognized Rugby football champions of Canada as they clinched their right to the title Saturday when on the McGill campus they defeated McGill by 29 points to 3.

Hamilton won the championship of the Ontario union, then beat Montreal, champions of the Quebec union, and wound up by outplaying the intercollegiate champions. Inasmuch as the Tigers have not lost a match in four years their record is one of which they may justly be proud.

Conditions Saturday were not conducive to good Rugby but notwithstanding the drawbacks, the game was one of the prettiest ever seen in Montreal. A bitter north wind was blowing almost straight down the field and the team that had it behind them could punt the ball many yards farther than their opponents. When the match started, the field was in wretched shape. There were patches

of ice and snow, pools of water and small sized bogs. As the afternoon wore on the weather became decidedly colder and before the contest ended the pigskin chasers were playing on what was practically a sheet of ice. The ground became hard as a board and as the tackling was anything but mild, a number of players were knocked out. None were seriously injured, however, that he had to retire from the game.

FOOTING WAS BAD.
The footing was bad but the players made some splendid sprints. The Tigers seemed to take more kindly to the slippery ground than the McGill athletes and some of their individual and combination runs were really wonderful. Individually, Moore made the most spectacular run. His zig-zagging while running at full speed fooled the McGill boys repeatedly. Several times he evaded half a dozen tacklers and the cleverness of this feat may be better understood when it is remembered that one of the strongest points of the McGill players is their tackling.

TIGERS' GOOD START.
The Tigers got away to a flying start and began to score as soon as the ball was put in play. In the first quarter they ran up 15 points and blanked McGill. In the second quarter, with the wind against them they scored 11 more, McGill getting two on a safety touch. Then the Tigers eased up and they only got two points in the third and one in the fourth. It was in the two last quarters that the Tigers worked their trick plays.

—The annual prize distribution and smoking concert of the Edmonton and Strathcona Rifle Association will take place at Houston hall, Edmonton, on Tuesday evening, December 10, at 8 p.m. tickets for admission may be had from 6 p.m.

American Canadian Oil Co.

The readers of this paper are now offered the opportunity of subscribing for a limited amount of Treasury stock in the American Canadian Oil Co., which is now being offered for a few days only at the price of 19 cents per share (par value \$1.00 each fully paid up and non-assessable). The directors of the company have decided to advance the price of this stock to 25 cents share at or before the middle of December 1929. Anyone wishing to take an interest in this should send in their application and remittance without delay, as the stock is being rapidly taken up by wide awake investors. Apply to the

To the Electors of the City of Edmonton

Ladies and Gentlemen:
For two years I have served you as a member of the city council. I did so, firstly because you honored me with your confidence and secondly, because I liked the work. I believe that I have the courage and capacity to serve you well as mayor of this city and for that reason I offer myself as a candidate for this office.

I have no election pledges or promises to make, as I have conducted myself in the past, so shall I order my conduct in the future. If you have not during the past two years gathered somewhat of my principles and my abilities, then I have served you in vain.

If you elect me as your mayor, I shall accept your service as a lawyer accepts a brief. Untrammelled by corporation affiliations, having nothing to sell to you and no interests to serve, with singleness of purpose and such ability as I may have, I am prepared to serve you as your mayor in 1930.

I ask you for your vote and influence at the forthcoming election.

Your obedient servant,
W. A. GRIESBACH.

SEATS ON SALE AT ARCH IDALL'S DRUG STORE

buying American rails and industrial break on Wednesday. Reading, New York Central and Amalgamated Copper made considerable rallies today. St. Paul made a gain of 3 points today closing at 184.

C. P. R. stock makes an advance of fifteen points in the last four days. This is the stock that the Canadian Stock and Grain Co. have been advising their customers to buy and have only completed flooding the country with circulars, telling of C. P. R.'s wonderful merit. Every one of our readers are familiar with the C. P. R. railroad, but few of them have ever realized its market possibilities and attractions as an investment as explained by circulars distributed.

It is generally believed that the rise in the value of this stock has only commenced as there is sure to be a big "Melon Cutting" between the holders and there is no reason why this stock should not sell as high as Great Northern which now sells around 325. The information which the Canadian Stock and Grain Company have given their customers on this stock has been very valuable and timely and the circular which they have distributed through the country just recently must have proven very valuable to a great number of people through the west.

SEEING WELL AND SEEING EASILY

It is more important to see easily than to see well.
Good sight may be obtained by great strain, which drains vitality, causing headaches and nervousness.

By four independent tests we exactly measure eye defects, and prescribe price glasses, which relieve all eye defects.

Over 1500 people in this district wear our glasses, and every one of them is a living guarantee for us.

CHOOK COUNTY, OREGON. DRED DIRECT FROM STATE. WRITE FOR COMPLETE AND NEW B. S. COOK & CO. 921 ALDER ST., PORTLAND, OREGON

AROUND THE CITY.

—Today is the opening day for roller skating in the Edmonton theatre.

—There will be a special meeting of the city council at 8 o'clock this evening.

—The meeting announced on behalf of the "Solid Five" in the Empire theatre tonight will not take place.

—The Ladies' Musical Club meets at Mrs. Manson's, Sixth street, on Saturday at 4.30.

—Harry Winn of the Journal staff leaves tonight by C. N. R. for his home in Toronto Junction owing to the critical illness of his father.

—After January 1st, the Edmonton banks will not open for business on Saturday evenings. The regular banking hours on Saturday are from 10 a.m. to 1 p.m.

—The post office will be closed at 7 p.m. Saturday evening next until Monday morning on account of the opening of the new post office on Monday morning.

—Manager Duhamel of the intermediate hockey team stated today that the team had secured the Thistle Rink every Monday and Thursday evening from 8.45 to 9.45.

—The Victoria open-air rink on Third street opened last night. The Horner open air rink at the corner of Clara and First street opens tonight, making, along with the Thistle, three rinks running tonight.

—Mr. A. Mitchell, chief wheel inspector for the province, took a trip down the C. & E. yesterday to inspect the elevators and ascertain if the elevator owners were destroying the weed seeds that accumulate around the elevator.

—The clearing returns from the Edmonton Banks for the week ending Dec. 6th, were \$1,166,184 and for the month of November aggregated \$1,726,852. This week's returns are the second largest of the year and makes a very satisfactory showing.

—A meeting of the electors of the city of Edmonton resident in Norwood will be held this evening, Friday night at 8 o'clock at Duncan & Leveque's store and will be addressed by Mr. Andrew H. Allan one of the aldermanic candidates.

—There will be no meeting of the Elks tonight as the officers have gone to Calgary to attend the organization of the Grand Lodge for Alberta in that city. Notices of the next meeting will be mailed to each member of Lodge 35, by the secretary, Mr. W. G. Harrison.

—The Thistle Rink will open this evening with the band in attendance. Considering that there was roller skating in the Thistle rink on Saturday evening last, the managers of the rink have lost no time in getting a good sheet of ice down.

—P. K. James, from Hardisty is in the city today. Mr. James will open the first hotel in his new town. The Wetsaskin branch of the C. P. R. has been extended to Hardisty and freight trains are already running. The intention of the C. P. R. is to begin passenger traffic to Hardisty about the 20th of this month.

—The management of the Thistle Rink, Second street have an excellent sheet of ice and are opening their large rink tonight, with band in attendance. Every provision is being made for the comfort of their patrons and they are making a charge for non-skaters will allow everyone to partake in full the facilities provided for their amusement. Skating afterwards and evenings.

—The members of the Grain Commission arrived in the city last evening from Lacombe where they held a short session yesterday. Mr. John Millar, the chairman, is staying with his brother-in-law, Dr. Holton, Strathcona. Mr. G. E. Goldie and Mr. J. R. Boyle, and Mr. Nield are at the Alberta. The other member of the commission, Mr. McNair, of Gladstone, Manitoba, will arrive in the city today to be present at the session here tomorrow.

MEETING CALLED OFF.

—The meeting advertised by the East Enders for this evening in the Empire theatre has been called off owing to the crush of committee work.

ANSELL CASE TODAY.

The case against Ansell was taken up in the supreme court this morning before Chief Justice Sifton. A long list of witnesses was called. H. W. B. Douglas and Messrs. Nixon and Hazard, clerk and book-keeper in the Douglas store were first called. E. C. Pickel and Mr. Dixon, book-keeper for the P. Burns Co. were also heard. When the court adjourned there were two more witnesses to be called by the crown, Messrs. J. Hallier, book-keeper for the McDougall & Scott Company and F. Marshall, book-keeper for the Hudson's Bay Company. The evidence will be complete and the case closed. The case will probably be finished up this afternoon.

PRATT'S CIGAR STORE OPENS.

William C. Pratt & Co's Cigar store and billiard parlor in the Jasper Block, 151 Jasper avenue east, which will be opened for business tomorrow morning is to be one of the finest institutions of its kind in Alberta. The fixtures and furniture are probably unequalled in the province. The wall cases, made by the Grand Rapids Show Case Co. are quarter-cut carved oak, and lighted with Nernst lamps. The show cases are decorated with mahogany base and the partitions between the cigar store and billiard room is a work of art in carved oak and cut glass. In fact they have a billiard room 25 feet wide by nearly 100 feet deep, with six Newport return-chute pool tables, the finest made by the Brunswick-Balke-Coller company and an English billiard table, which is the very best. The furniture is all black oak, mahogany style, with leather upholstered and the walls and ceiling are finished with the best of the decorative art. Below stairs they intend to have a smoking room which will be finished and furnished in sumptuous style.

YOUNG MEN'S CLUB.

The Young Men's club of MacDougall church held its weekly meeting last night. The lecture room was crowded with men to hear Rev. A. M. McDonald's address on "The Higher Manhood." His address was pithy, practical and pleasingly rendered, and was listened to attentively. He stated that the main thing was man's character, not what people think of him, but what he is, and in the attainment of the Higher Manhood, several ideas should be kept always before him.

1. Aspiration. High ideals are a great incentive.
2. Honesty, with ourselves and with God and man, honesty in politics, business and in the church life.
3. Self-control.
4. The inspiration which comes from the life of Christ.

Concluding, he said an aspiring, honest, self-controlled young man in the hands of Christ knows something about the Higher Manhood. Great applause greeted the speaker at the finish of his remarks.

The chair was occupied by Mr. W. W. Gould who in well chosen words, thanked the Rev. A. M. McDonald on behalf of the society for the very excellent address which he felt sure could only have one result, he also wished Mr. P. C. Hook to share in the gratitude and appreciation of the Club for the exquisite music rendered during the evening.

Next Thursday will be social evening. All men heartily invited.

MARIE FOUNTAIN COMPANY.

The Marie Fountain Theatre Co., commences a week's engagement in the Edmonton theatre on Monday evening, December 10th, in a repertoire of popular plays. The company carries its own orchestra of eight pieces which will render all the popular music of the day with occasional passages of classical. The band will parade at noon and at 7.30 p.m. every day. The opening play which is being put on Monday evening is "The Gambler's Wife." (The company is playing at popular prices, 50, 35 and 25 cents.)

The press comments are very favorable, 50, 35 and 25 cents.
Brantford Courier.—One of the most artistic numbers of the program was the violin solo by Mr. D. L. Stewart, for which he received a flattering encore. Mr. Stewart is a gifted musician and a master of the violin.

Victoria Daily Times.—As an impersonator S. Homer Eaton cannot be excelled.
Mr. Eaton, an impersonator of great talent, was at his best. His make-up was par excellence and his selections clever and humorous in the extreme. Free Press, Winnipeg.—Will MacLeod created much merriment by his character songs. Winnipeg.—Will MacLeod's character songs were very catchy and he is a whole entertainment in himself.

CAMPAIGN NOTES.

J. R. Brenton, candidate for alderman, is out with a challenge to meet any or all of the other candidates for alderman on the platform at the Empire theatre on Saturday evening to argue out pro and con, the following points:

Finance commissioner; the financial standing of the city compared with other cities; the clear city lines he understands by the charter; defining the work between the several commissioners; the public works, its management, the sewerage question; the incinerator question; the labor question and the securing of labor for the carrying out of the prospective public works now before the city, and the street railway question, and manufacturing industries.

Mr. Brenton asks that anyone who wants to meet him will communicate with him not later than this evening, so that he may be able to arrange his program.

In the Bulletin's report of the Edmonton theatre J. B. Walker's name was given as John B. Walker, thereby leading to some confusion. Mr. Walker's name is James B. and he is well known that a mistake in the name could not be otherwise than injurious to his chances. The report also stated that Mr. Walker was never seen at the council meetings. This is not altogether correct, as Mr. Walker has been an occasional visitor to the city hall during council sessions.

CONSECRATION SERVICES BY BISHOP LEGAL.

The special opening of the new Immaculate Conception R. C. church on Kinistino avenue near Picard street will take place on Sunday at 10.30 a.m. when high mass will be sung by one of the resident priests. His Lordship Monsignor Legal will be present to bless the church before the mass. Sermon at High Mass by His Lordship.

After Mass the parishioners will present an address to Monsignor Legal. A special service will be also held in the evening addressed by Rev. Father Emard. All Roman Catholics are invited.

A mass also will be sung tomorrow (Saturday) at 10.30 a.m. in both R. C. churches, it being the Holy Feast of the Immaculate Conception.

WATER PLANT SURVEY.

A preliminary survey for the pipe line for the proposed new water plant was made by the city engineer's department yesterday. It shows that it would take 3185 feet of pipe to reach the corner of Jasper and Twenty-first streets from the proposed site. This would place the new plant just three and one half miles above the present pumping station and two miles from the Strathcona system on Whyte avenue.

MERCHANTS BANK OF CANADA.

FORT SASKATCHEWAN.

Fort Saskatchewan, Dec. 6.—The annual meeting of the ratepayers was held in the council room on Wednesday evening last. Mayor Langworthy opened the proceedings and requested that a chairman be elected. On motion Mr. W. A. D. Lees was elected to fill the position, and asked the mayor to address the meeting, which he did, speaking of the progress of the town and the work done by the council during the last year. A great many bylaws had been passed and some of them enforced, as necessary. Electric light had been secured and was a great improvement to the town. Elevators and sidewalks had been built; a new town hall had also been built; fire engines bought and a fire brigade organized. In closing, the mayor hoped that the ratepayers would elect good men as he believed 1907 would be an important year in the history of the town. The aldermen each addressed the meeting in turn—told what they had done and what they had left undone, and also what should have been done. After discussing the high rate of assessment, the meeting adjourned.

pal honors are as follows:—

For mayor—Dr. Aylen and H. A. McAvoy.
For alderman—James Foster, W. J. Foster, Fetterley, Hunter, Sutherland, Harvey, Dave Simmons.
It was the wish of the ratepayers that Mr. Longworthy who has presided over the council for the last two years, would continue in office for another year, in which case, he undoubtedly would have been elected by acclamation, but as he could not be prevailed upon the seat is open for a new man.
Although the weather is bitterly cold business continues very brisk at the elevators. From 11 a.m. until 4 p.m. the business streets of the town are congested with farmers' sleighs loaded with the various kinds of grain.
Curling will begin sometime this week; the ice will be in good condition and the opening contests will be for the brooms. Our curlers are expecting to have several competitions with Edmonton teams.
Mr. J. Shabot opens his skating rink tonight. There will be a large attendance.
Mr. Joseph Larose is up from Edmonton nominated for municipal council on business today.

FRIDAY, DECEMBER 7, 1906.

SOME THINGS NOT EXPLAINED

Incapable apparently of conceiving of journalism aside from some kind of "inspiration" the Mail and Empire is pleased to consider the Bulletin's remarks regarding the Southern Alberta Land company as a "personal explanation" from the Minister of the Interior, though as to whom such explanation might be supposed to be offered or why a Minister of the Crown should prefer to offer an explanation through the press rather than from his place in the House we are left to surmise. We are left in the dark also on the considerably more important point as to why the Federal Government should be condemned for selling land which for a quarter of a century it has been vainly trying to give away, and for selling it under conditions which make the settlement and development of the land the only condition on which the money invested in it can be profitable.

WELCOME RELIEF

In the House a few days since Mr. Bourassa expressed in language which he had frequently illustrated in action—that whenever and wherever the course of public affairs can be construed as offering a pretext for raising a sectarian cry the member for Labell may be counted as invariably among the opponents of the Government. The manner of reception he is accorded in at least some sections of the enemy's camp may be gathered from the fact that it took a three-column head and two columns and a half of space in the Mail and Empire to present his speech to the public while the remarks of Mr. Cockshutt, of Brantford, and other Conservative members of equally sound tariff views were dismissed with attention varying from a quarter column to a column. The Government is fortunate in being rid of all responsibility for Mr. Bourassa's narrow-gauge sectionalism; it remains to be seen whether the Opposition will be prepared to tolerate his views for the sake of his supposed assistance.

NOT SOON ENOUGH

The Journal cites the management of the Edmonton post office as an example of the evil effects of the present patronage system. Whatever may or may not be the tendencies of the system the example is singularly unfortunate. The condemnation is that the present postmaster and his staff are inexperienced. If so then the reasonable argument would simply be that the change of management was not made soon enough. Had it been made long before it was the new staff would have gained the necessary experience before the remarkable expansion of the city multiplied the work of the office and complicated the conditions under which it has to be done. Yet because it was made at all the change is solemnly produced as evidence that the patronage system is an adaptation of the maxim that "To the victors belong the spoils." Yet had the "spoils" system been adopted the post office staff would not now be open to the charge of inexperience and the ground would have been taken from under the Journal's present grievance.

THE COLD STORAGE SCHEME

The announcement that the Minister of Agriculture is asking Parliament for \$109,000 as a first instalment of aid toward the establishment of a cold storage system will meet with general approval from farmers throughout Canada, and from all who take a proper interest in the welfare of the class upon whom depends the general progress and prosperity of the country. The proposal is really an extension of the policy adopted a few years since of securing cold storage arrangements on vessels carrying Canadian products to the Old Lands. By this policy at comparatively small cost to the country at large the Canadian producer is assured the transit of his

products in the best condition across the Atlantic. It is not of more consequence that the produce be properly handled in ocean transit than in the ports awaiting shipment and while in transit to the ports. From the despatches Mr. Fisher's plan appears to be to grant aid up to 10 per cent. toward the erection of cold storage warehouses. This should be a substantial encouragement to the erection of warehouses where commercially advisable, while not substantial enough to become an object for their erection where not likely to prove self-supporting.

THE PREFERENCE

Concerning the preference to British goods, which is continued in the revised tariff, Hon. W. S. Fielding, Minister of Finance, said in the House:—

"We adhere to the British preference because, notwithstanding criticism, we believe it to have been a good thing for Canada, and for the British manufacturers and merchants. Mutual preference will be a good thing, but that is a question for the British people. For the moment there is no prospect of a mutual preference being granted, but there is one point upon which I always had a clear view, and I venture to repeat it today, and that is that if it is not desirable for the British people to grant us that preference, then certainly we can never advance the cause by pressing it unduly upon the British people, by insisting upon their doing something for our advantage which they do not regard as consistent with their own good."

"We say, therefore, to those of us who regard mutual preference as a good thing, that while we may bring it about by the policy we are now pursuing, we could never bring it about by the other policy of insisting and demanding that our British brethren should do something for us which they regard as inconsistent with their own interests. We adopt the British preference because we believed it was a good thing for Canada. We say to the people of Great Britain:—

"When you people see fit to adopt it as a good thing for Great Britain we shall be pleased; but if it doesn't suit you to adopt it from the standpoint of your own interests we have no objection to let you go your own way."

THE MAN FOR MAYOR

The great question in the mayoralty campaign is that of efficiency; and in settling this question it appears to us Abe Lincoln gave some splendid advice nearly half a century ago when he advised to not "swap horses while crossing the stream."

Edmonton, in 1907, will be in the crucial year. It is to be the million dollar year. Waterworks, electric plant, telephone, sewers, street railway, all have to be built, enlarged or improved. It is the time of rapid and radical change. In such time we need the oldest seaman at the wheel.

Alderman Bellamy appears to be the man who has the grasp of the situation. He has been 15 years in Edmonton. In this decade and a half he has been almost continuously identified with municipal affairs. He has been on the school board, the city council; has been on the finance committee and almost every other committee that has had to do with bringing the city to its present stage of promise. He knows the city's history and understands the motives which underlay every action of the council for years past. He has the knowledge which will permit him to take up on January 1st the work where the present administration leave off and carry this work to a satisfactory conclusion.

The city is "crossing the stream." We have one million dollars worth of expenditure laid out for 1907. This work must be carefully directed. The mayor, as chief commissioner, is, by the working out of our charter, the chairman of the board of directors. The city council is the training school in which men can properly qualify for chairmanship. Alderman Bellamy has not looked for any short cut to the mayoralty. He is no sophomoric. He has worked his way up to the front rank; to his credit, he is said, without design. He has fought out his little fights in the council freely, frankly and without malice or thought of the consequences. Usually he has been right, occasionally he has been wrong, but always he has been sincere and just according to his lights, and no man can say today that he is not a whole-hearted fighter when the brunt of the fray comes up to him. Edmonton will have need of a

45c Lustres good range of patterns, 28 inches wide. Sale price 35c a yard.

"Fighting man" as chairman of the board of directors for 1907. He will need pertinacity, perspicuity and perseverance. And above all he will need experience.

Alderman Bellamy has these qualifications and added to these he has a year's leisure to give to the city, practically gratis, as he has retired with a sufficiency from a business which, by proving remunerative to him, has proved his ability as a business man.

The Bulletin is supporting Alderman Bellamy for the mayoralty cordially and frankly and for the good of the city hopes that he will be elected.

DOESN'T GAMBLE.

Montreal, Dec. 6.—Sir Thos. Shagnessy, president of the C. P. R., frankly repudiates the report that came from Winnipeg crediting him with having made half a million dollars by a stock exchange transaction. "Far from having made \$500,000 I never made five cents by a stock deal in my life," said the C. P. R. president.

POSSIBLE APPOINTMENTS.

Bulletin Special
London, Dec. 6.—The name of Lord Desborough (Wm. Henry Grenfell) is among the latest mentioned as possible appointees to the British embassy at Washington. Lord Desborough was born in 1855, is a noted Rocky Mountain hunter, sportsman and author and popular among the Americans. He entertained the Harvard crew when they visited England this year. Mr. Spring Rice, now minister at Teheran, is also reinstated among the possibilities.

The education bill passed its third reading in the house of lords tonight by 105 to 32. The tone of the speeches by both Lord Crowe, Liberal and Lord Lansdowne, the leader of the opposition, indicated that a settlement is still not impossible. Lord Lansdowne admitting that he would be sorry to see the bill a failure. It is understood that negotiations with a view to a compromise are going on between the opposition leaders in the house of lords and the government in the house of commons. It is said that the Duke of Devonshire and the Archbishop of Canterbury are in favor of a compromise.

Novelties For Christmas
AT Hudson's Bay Stores

We are now showing a large assortment of choice selected goods for the Xmas Trade. A few leading lines will be found below.

A very acceptable present for the Men will be found in a Smokers' Table, including Cigar Cutter, Ash Tray, Holder and Pipe Holder. The whole set for \$2.50. This is worth investigating.

A beautiful line of Manicure Sets we are selling for \$6.50; seven pieces set in ebony and encased in a satin-lined box. This makes a very choice gift.

Another line of Manicure Sets in satin-lined case are for sale at \$3.50. This is a bargain.

We have also a lot of Ladies' Dressing Cases at prices ranging from \$6.50 to \$10.00.

A very choice selection of Needle Cases, Work Boxes, Pipe Racks and Pictures are now to be seen in great variety.

LITTLE THINGS
FOR MEN

Men often prize "little things" for gifts more than anything else. The average man often needs a pair of Cuff Links, some Shirt Studs or a stick pin, very handy. Yet he never can remember to get them.

You might hit on the very thing if you sized him up a bit and then came to us.
We have a large assortment of such things and we are always pleased to aid you in making your selections.

PRESIDENT'S MESSAGE

Outline of the Bill of Fare for the Present Session

Bulletin Special.
Washington, Dec. 4.—The President of the United States communicated his annual message to congress today. Among the subjects of general interest dealt with are:

Corporation campaign contributions; Government's right of appeal in criminal cases; Lynching; Capital and labor; Corporations; Withdrawals of coal lands; Marriage and divorce; American shipping; currency reform; Philippine tariff; Attitude towards Japan and Cuba; The Rio conference; Fur seals; Race and righteousness; and the navy and army.

The message is a very long one. In part the President said:

CORPORATION CAMPAIGN CONTRIBUTIONS
I again recommend a law prohibiting all corporations from contributing to the campaign expenses of any party. Such a bill has already passed one house of congress. A lot of individuals contribute as they desire, but let us prohibit in effective fashion all corporations from making contributions for any political purpose directly or indirectly.

LYNCHING
There is but one safe rule in dealing with black men as with white men. It is the same rule that must be applied in dealing with each man whatever his color, his creed or his social position. With even handed justice on his real worth as a man.

Every colored man should realize that the worst enemy of his race is the negro criminal and above all the negro criminal who commits rape; and it should be felt, as in the highest country, an offense against the whole country, and against the colored race in particular, for a colored man to fail to keep the officer of the law in hotting down with all possible eagerness and zeal every such infamous offender. Moreover, in my judgment, the crime of rape should always be punished with death.

The members of the white race on the other hand, should understand that every lynching represents by so much a loosening of the bands of civilization; that the spirit of lynching inevitably throws into prominence in the community all the foul and evil creatures who dwell therein.

CAPITAL AND LABOR

In dealing with labor and capital, with the question affecting corporations and trade unions, there is one matter more important to remember than ought else, and that is the infinite harm done by preachers of class discontent. These men who seek to excite a violent hatred against all men of wealth.

These seek to turn wise and proper efforts for the better control of corporations and for doing away with the abuses connected with wealth into a campaign of hysterical falsehood in which their idea is to inflame the brutal passions of mankind. The sinister denigrations of wealthy men who are always eager to undertake such a campaign of destruction sometimes seek to associate themselves with those working for a genuine reform in governmental and social methods, and sometimes masquerade as such reformers when really they are the worst enemies of the cause they profess to advocate, just as the purveyors of sensational slander in newspapers are the worst enemies of all men who are engaged in an honest effort to better what is bad in our social and governmental conditions. To preach hatred of the rich man, as such to carry on a campaign of slander and invective against him, to speak to malice, and inflame to madness honest men whose lives are hard and who have not the kind of mental training which will permit them to appreciate the danger of the doctrine preached that is to commit a crime against the body politic and to be false to every worthy principle and tradition of American nation and life. The one hope for success for our people lies in resolute and fearless, but sane and cool headed advance along the path marked out last year by this very congress. There must be a stern refusal to be led into following either that bare creature who appeals and panders to the lowest instincts and passions in order to

arouse on set of Americans against their fellows, or that other creature equally base but no baser, who in a spirit of greed or to accumulate or add to an already huge fortune, seeks to exploit his fellow Americans with callous disregard to their welfare of soul and body.

CORPORATIONS

"The present congress has taken long strides in the direction of securing proper supervision and controls by the national government over corporations engaged in interstate business and the enormous majority of corporations of any size are engaged in interstate business. The passage of the railway bill and only to a less degree the passage of the pure food bill, and the provision for increasing and rendering more effective national control over the beef packing industry, mark an important advance in the proper direction. In the short session it will perhaps be difficult to do much further along these lines; and it may be best to wait till the laws have been in operation for a number of months before endeavoring to increase their scope, because only operations will show their exactness, their merits and their short comings and thus give opportunity to define what further radical legislation is needed. Yet in my judgment it will in the end be advisable in connection with the packing house inspection law to provide for putting a date on the label and for charging the cost of inspection to the packers. In some methods, whether by a national license law or in law or in other fashion, we must exact and that at an early date a more complete control than at present over these great corporations, a control that will among other things prevent the evils of excessive over capitalization, and that will compel the stockholders and of its properties, and business, whether owned directly or through subsidiary or affiliate corporations. This will tend to put upon the securing of inordinate profits by favored individuals at the expense of the general public, the stock holders, or the wage earners. Our efforts should be not so much to prevent consolidation as such, but to supervise and controls it that it results in no harm to the people. The reactionary or ultra conservative apologists for the misuse of wealth assail the effort to secure such control as a step toward socialism. As a matter of fact, in those reactions and ultra conservative who are themselves most potent in increasing socialist feeling. One of the most effective methods of averting the consequences of a dangerous agitation, which is so common, is to remedy the twenty per cent. of evil to which the agitation is well founded. The best way to avert the very undesirable move for governmental ownership of railroads is to secure by the government on behalf of the people as a whole such adequate control and regulation of the great interstate common carriers as will do away with the evils which give rise to agitation against them.

WITHDRAWAL OF COAL AND LOCAL LANDS

"It is not wise that the nation should alienate the remaining coal lands. I have temporarily withdrawn from settlement all the lands which the geological survey has indicated as containing, or in all probability containing coal.

MARRIAGE AND DIVORCE
"I am well aware how difficult it is to pass a resolution amendment. Nevertheless, in my judgment, the whole question of marriage and divorce should be relegated to the authority of the national congress. At present the wide difference in the laws of the different states on this subject result in scandal and abuses, and surely there is nothing so vitally essential to the welfare of the nation, nothing around which the nation should so bend itself to throw every safeguard, as the life of the citizen of the average citizen. The change would be good from every standpoint. In particular it would be good because it would confer on the congress the power at once to deal rationally and efficiently with polygamy, and this should be done whether or not marriage and divorce are dealt with. It is neither safe or proper to leave the question of polygamy to be dealt with by the different states. Power to deal with it should be conferred on the national government.

PHILIPPINE TARIFF

"I most earnestly hope that the bill to provide a lower tariff for or else absolute free trade in Philippine products will become law. No harm will come to any American industry; and while there will be some small but real material benefit to the Philippines.

PHILIPPINE TARIFF

"I most earnestly hope that the bill to provide a lower tariff for or else absolute free trade in Philippine products will become law. No harm will come to any American industry; and while there will be some small but real material benefit to the Philippines.

Election Address

The chief planks in my platform for Aldermatic Honors are:

- (1) My strong opposition to the division of the city. I stand for Edmonton as a whole. Such a division would jeopardize the welfare of the city.
- (2) Municipal ownership of public utilities.
- (3) Waterworks and sewerage extended all over the city and to make it compulsory for every dwelling to be connected with water and wells to be done away with.
- (4) Reconstruction of the health department.
- (5) All municipal works to be done by day labor.
- (6) To make Edmonton a great manufacturing center.
- (7) To build the street railway to the extreme city limits, where people will be forced to use it. A street railway built only a few blocks from the business center is doomed to disaster and a great loss of money to the ratepayers.
- (8) I am strongly in favor of building a covered market as soon as possible.

I will not be able to give you all a personal call so take this opportunity of thanking you in anticipation of your support should my views meet with your approval.

I call myself a western man with western ideas, having been west 18 years and lived in those up-to-date cities Vancouver and Seattle. It elected I shall endeavor to put Edmonton on a par with these cities.
Your obedient servant,
William Sennett Weeks

SOCIETIES.

EDMONTON ENCAMPMENT, NO. 2, I. O. O. F., meets in Oddfellows' Hall, Norwood block, on first and third Friday of each month at 8 p.m. Visiting Patriarchs welcome.

TO THE ELECTORS OF THE CITY OF EDMONTON.
Edmonton, 6th December, 1906
Ladies and Gentlemen,
I consented to be a candidate for Aldermatic honors in the present contest, at the request of a large number of business men who have no small stake in the City.

My nomination papers were signed by Messrs. J. A. Macdonald, J. T. Bowyer, J. B. Harper, W. T. Henry H. Snigler, H. B. Smith, S. Nankin J. H. Picard and others.

It is my duty to give to Municipal Affairs thorough attention and serve your interests to the best of my ability. I have been a resident of the City of Edmonton for the past fourteen years.

I am strongly in favor of Public Parks, the construction of an Electric Street Railway and the extension of the Sewer and Water Systems throughout the City. I advocate the immediate construction of a Market Building, the installation of a Fire Alarm System and more modern Public Health regulations.

I believe that reasonable inducements should be given to Manufacturers, and no pains should be spared to make Edmonton a great Commercial Centre.

I respectfully beg you to give me your vote and influence on Monday next and herewith offer my anticipated thanks for same.

I have the honor to be
Yours faithfully
WILFRID GARIBAY.

Calgary post office has been greatly enlarged and is now sufficient for the needs of that growing city.

George Sheppard, a young farmer, committed suicide at his farm 16 miles southwest of Regina, on December 1. He placed a shot gun in his mouth and inflicted the fatal wound.

The new mill for the manufacture of all kinds of cereals and breakfast foods started work Saturday at Calgary. They are the most complete mills in Canada, and equipped at a cost of \$400,000.

The Saskatchewan Government, which has been laboring industriously to bring the Lehighville strike to an end, now that it is over, do not want to take any chances of the people not getting coal sufficiently quick and have placed an order with a Winnipeg firm for six thousand tons of American soft coal. The order requests immediate delivery and the agricultural department will divide the coal among the places in the greatest need of it.

Fernie Free Press: The coal mines at Coal Creek and Michal are rapidly recovering from the effects of the strike. Coal Creek No. 2 is now shipping, and yesterday the output from Nos. 5, 9 and 2 was over 1,000 tons. Altogether there were 440 men at work at this colliery yesterday, and more places are continually being opened. At Michal the output yesterday was 720 tons, and 350 men were at work. The coal business is also getting under way without any loss of time. Superintendent McLean of the Fernie mines, states that he has now 100 men available as the work advances. He has forty-five men at work, and plenty of men are available as the work advances. He has forty-five men at work, and plenty of men are available as the work advances. He has forty-five men at work, and plenty of men are available as the work advances.

Now that coal is beginning to be received by the smelters again from the Crow Nest Pass company, the mines will within a few days increase their shipments. The Lehighville mine, which has been closed down for a week, owing principally to the lack of cars, caused by a difficulty in securing fuel, restarted on Monday. The Trail smelter has begun to receive coal, but it will lay in a stock sufficient to last for a couple of weeks before it blows in again. It is now thought that operations will be recommenced at Trail in about two weeks. The shutdown has been utilized to install new sampling works and to increase the size of two of the smaller copper furnaces. This will give the plant a capacity of about 1,600 tons of copper ore a day. There were only two shippers this week, the Lehighville and the Lakota No. 2, a total of 1,220 tons for the week, and \$28,583 for the year. At the Trail smelter during the week ending Friday evening, 439 tons of ore were received.

CHAPPED PATCHES AND COLD SORES

Zam-Buk a Speedy Cure

At this season chapped hands, chilblains, rough red skin, and other ailments of the cold are very common; and Zam-Buk, the homely healer, is in great demand.

E. Brown, of Markham, says: "I certainly think Zam-Buk the finest thing in the world. I used it for chapped hands and it made them as soft and smooth as a baby's hand. My wife has also tried it and says it is wonderful."

Mrs. M. A. Doyle, of Wickham, says: "My son used Zam-Buk in the first place for chapped hands and cold sores. He found it so good that we now always keep a supply in the house and use it for cuts, burns, etc. It is wonderful. My son's cold case comes after Zam-Buk is applied to a sore or injury."

The first Zam-Buk I obtained was for a friend who had a small sore on her temple. It had been treated once or twice by a doctor, and would heal for a short time, but would break out again. Zam-Buk healed it, and it shows no signs whatever of returning. Having had this proof of Zam-Buk's value I tried it personally on my ankle. There was no outward trouble, but I found Zam-Buk equally satisfactory in this case. I have great faith in it, and think it an excellent ointment."

For all skin injuries and diseases Zam-Buk will be found a sure cure. It cures chapped hands, chilblains, eczema, and eruptions, etc. Zam-Buk cures rheumatism, neuralgia, sciatica, etc., and rubbed on the chest eases tightness and aching in cases of colds and chills. All druggists sell it at 50 cents a box, or it may be obtained post-free from the Zam-Buk Co., Toronto, on receipt of price, six pence for \$2.50.

Library Voting Contest

115 Volumes and Case

Now on exhibition in McIntosh & Campbell's show window. This elegant library and handsome case will be given by vote to the church, school, or other society securing the largest number of votes in the following manner: The merchants listed below will give with each 10c cash purchase one vote. The contest begins Nov. 9th 1906 and closes April 9th 1907. A ballot box is placed in D. W. Macdonald's Pharmacy, where votes are to be deposited. At the close of the contest the church, school or society, having the largest number of votes will be awarded the library. Current accounts where promptly paid will be entitled to votes. Remember votes can only be secured by trading with the merchants listed below. Each week the Bulletin will announce the respective standing of the contest.

Every news subscriber to the Bulletin will receive 100 ballots entitling them to as many votes for their favorite church, school or society. Elsewhere in this issue will be found a coupon, which if cut out of the Bulletin will count as votes.

FROM DAY TO DAY

THE TUNE MOTHER PLAYED.

He was only a tramp! The organ Fast in the thronging way Rolled the notes of the dear old tune That his mother used to play. He looked at his rag—his worthless hands—

He scratched his stubble grey, And heard the notes of the lilting tune His mother used to play. The kissless and weary way;

"Move on." He drifted down the street— But his feet kept time to the dear old tune That his mother used to play.

INDIAN JEWELRY.

The Indian of the far north is in the height of fashion today in respect to his taste in jewelry. "Silver is to be used for rings and bracelets, both men and women wearing the former," says an English trade magazine, with authority.

For over 150 years the Indians have been supplied by the Hudson's Bay company with silver rings, watch chains, brooches, etc. In all the posts probably 70 dozen are distributed throughout the year and a shipment of these will shortly be sent to Athabasca Landing, there to remain in the warehouse until the spring.

The rings are in shape exactly like a wedding ring and would sell at the posts on the average at about a dollar each. An Indian, if he be at all self-respecting, sees to it that his wife and family are well fitted out.

Before a young Indian woman is married, if she can do so, she will load her fingers with the wide band of silver, sometimes both hands being so adorned, but when marriage has presumably toned down her love of display, she takes off all but two or three. Many of the Indian women have slender fingers and though the rings sent up are of medium size the request sometimes comes that smaller ones be forwarded.

A good many Indians are very well off and they invest not a little of their wealth in the wide and cumbersome silver watch chains which comport well with the new ways of civilization.

THE QUALITY OF CITIZENSHIP.

There is food for thought for women—and for men—in the following extract from a lecture delivered not long since in Halifax by the Rev. Neil Herman, of Winnipeg:

"I believe with Lord Strathcona that the end of this century will witness the magnificent population of 80,000,000 people in the Northwest Territories. The call of the hour is for men, but there is still a louder call—the call for manhood. Quality, not quantity makes a nation. Quality made England, quality made Canada, quality made our beloved Nova Scotia. We want men, but only the best men. Why? Because only the best can succeed. A man who cannot succeed in Halifax will go to the wall in the west.

"I say the call of the hour is not only for men but for women. What kind of women. The best—only the best. In that strenuous race of life beyond the Great Lakes, only the best women can achieve those great results that belong to women only.

"Let us have a larger immigration of women. We cannot build a nation without the fireside; and the queen of the hearthstone is woman. I believe that ultimately our western national life must rise or fall on womanhood. We are entering upon the most glorious period in our history. The vista of our life is as bright as the promises of God.

"In the grand march of our progress the only danger is that which confronted nations in every age. What danger do you ask. Soil without the fruits of righteousness. Commerce and competition without conscience. Men without manhood. Politics without God. Government without principle. And I might add another, Christianity without Christ.

We are building the west from a tried corner stone of the best national life in all history. The stone which the builders rejected in the erection of Rome and Greece, we honor by placing it as our foundation."

ALL SAINTS' CHOIR CONCERT.

The secular concert given last night by the choir of All Saints' church was not as well attended as it deserved, doubtless owing to the cold weather.

Telegraphic.

ELEVEN INJURED
Bulletin Special.
LYNN, Mass., Dec. 6.—The explosion of a battery in a local factory resulted in a fire which scorched the manufacturing section here today. Eleven persons were injured and loss of property will exceed half a million.

ANOTHER CHARGE
Bulletin Special.
Toronto, Dec. 6.—A new charge has been laid against Charles McGill, man-

detering people from leaving their 'ain firesides. The choir, under the direction of Mr. Vernon Barford, sang most acceptably an opening number from Reay and Roeckel's "Madeleine." The strength of the parts was always well-balanced and the singing, market throughout with a quality of grace rather than power, was particularly pleasing. In the last number, "The Bells of St. Michael's Tower," the choir was in even better voice than previously, and under Mr. Barford's skilful conducting produced the chime-like effects of the song in an effective manner.

The male quartette in DeKoven's tuneful musical ditty of "The Owl and the Pussy Cat" was enjoyable. There was a touch of humour in twenty lusty male voices singing the adventures of the oddly-mated pair, but it was well done. The soloists were Mr. J. W. Hislop, who sang "Down the Vale" in a pleasing tenor, Mr. T. Kelly, another pleasing tenor in "Night Time," Mr. T. H. Griffiths in "The Gauntlet," and Mr. G. J. Senior in "The Powder Monkey." The last two of this group, while evidencing good voices and careful training, did not sufficiently lend their own individuality to their stirring selections or render them with verve. It may be that the habit of choir-singing tends to this result, of the individual members do not sing often alone. If this is so, it is a pity that a choir with such good voices does not more often give a secular concert.

Mr. E. W. Mantle, however, in his song, "Three for Jack," sang in good voice and with a satisfying amount of temperament. He responded to a hearty and well merited recall with a lullaby. This when the audience had been hoping to hear his voice again in some swinging song like the new setting to Conan Doyle's gallant ballad of the English bowman. The lullaby had unusually beautiful and meaningful words, but it was not suited to Mr. Mantle's profound basso.

Miss Pinckston's rendering of "The Island of Dreams," was a musical treat, the song giving opportunity to this youthful singer to display the range, the sweetness and quality of her voice. An earlier solo, a pretty bit of springtime music, had been quite inadequate to do this. As an encore Miss Pinckston responded with a delightfully natural and sweet rendering of the difficult old ballad, "Annie Laurie."

Mr. Barford contributed two selections from Grieg, the first "Papillon," an exquisite bite that flutted from the keys in true butterfly fashion, but it was perhaps less generally appreciated than the definite music of the "March of the Dwarfs." Mr. Barford interpreted this composition of Grieg with sympathetic power, the Dwarfs seemingly present on march in regular form breaking toward the close into elfin tumult. This number brought out hearty applause from the audience.

SOCIAL.

Mr. and Mrs. P. E. Butchart, 6th street, will be at home this evening to the young people of McDougall Methodist church.

Mr. and Mrs. M. J. McLeod arrived in the city last night, home from a brief honeymoon trip. For the present Mr. and Mrs. McLeod are staying at the Alberta hotel.

Mr. and Mrs. Malcolm McLeod Stratton, announce the engagement of their daughter, Kate M., to Mr. A. McKenzie, of Winnipeg. The marriage will take place on the 12th of December.

Mrs. S. Youhill, of Wingham, Ont., who has been visiting her son, Joe, of Winnipeg, and her daughter, Mrs. J. Marshall, of Portage la Prairie, Man., arrived last night by C. N. R. to visit her sister, Mrs. W. Boyle, 6th street.

Mr. and Mrs. W. D. Willis, of London, Ont., announce the engagement of their daughter, Lillian, to Walter A. Nisbet, of the law firm of Elwood & Nisbet, Mooseomin, Sask., formerly of Arnold & Nisbet, Toronto. The marriage will take place early in January.

The marriage of Miss Bessie Macdonald, only daughter of the late Hugh Macdonald and Mrs. Macdonald, of Wellington place, Toronto, to Capt. Des Voeux, son of Sir George and Lady Des Voeux, of Cadogan square, London, England, will take place on December 10.

ger of the Ontario Bank. The charge is that he is guilty of the theft of \$1,150,000 of the bank funds.

HEAVY MAILS
Bulletin Special.
Halifax, Dec. 6.—The C. P. R. liner, Empress of Britain, with transatlantic mails and large passenger list from Liverpool arrived at midnight after an excellent passage. An exceptionally heavy storm was encountered six hours from port but no damage was done. The mails were unusually heavy, being the heaviest ever landed at a Canadian port.
